Personal Statement

A dedicated .NET Developer with 3 years of experience (as of March 2026) building and maintaining web applications. Proficient in the .NET framework, I'm a passionate developer who loves crafting impactful solutions. I'm always eager to apply my technical skills and tackle new challenges.

Technical Skills

- Front-End: HTML, CSS, JavaScript, React, Next.js
- Back-End: .NET, ASP.NET Core, MVC, Blazor, EF Core, Hangfire, SignalR, REST APIs
- Databases: MS SQL Server, PostgreSQL, T-SQL
- Tools & Practices: Visual Studio, JetBrains IDEs, GitHub, GitHub Actions, PowerShell
- AI: Semantic Kernel, Autogen

Professional Experience

.NET Developer | Central Technology Ltd | Chesterfield, UK | Feb 2025 – Present

- Managed and developed end-to-end features on internal / external .NET solutions using SQL, C#, Blazor, MVC, JavaScript, and Hangfire as well as intelligent automation integration via Semantic Kernel.
- Engineered data-driven wallboard web apps and a reusable framework that allows new branches to have boards created from scratch in ~20 minutes via SQL and SignalR.
- Optimised database performance through efficient SQL queries and EF Core refactoring.

Junior .NET Developer | Central Technology Ltd | Chesterfield, UK | Oct 2022 – Feb 2025

- Wrote and maintained SQL scripts for internal and external reporting.
- Developed functions and features on the internal .NET solution using SQL, C#, Blazor, MVC, JavaScript, and Hangfire, building a strong foundation in the .NET ecosystem.
- Created PowerShell components and monitoring scripts via an RMM platform for client devices, improving automation and operational visibility.

Education

BTEC Level 3 in Computer Science Chesterfield College | Chesterfield, UK
